MelodyVR launched in 4 additional new markets, in advance of Wireless Festival

EVR Holdings plc (AIM: EVRH), the leading creator of virtual reality music content and its subsidiary MelodyVR Ltd ('MelodyVR') are pleased to announce that the MelodyVR app launched at 7am (GMT) today, Thursday 4 July in 4 additional new markets.

Currently available throughout the UK, United States and much of continental Europe, the MelodyVR app is now available in Canada, Spain, Italy and Portugal extending the reach of MelodyVR content to a further 30 million plus smartphone users.

Now consumers in these markets will not only be able to access MelodyVR content via VR Headsets such as the Oculus Go and Samsung GearVR, but also through their smartphone via MelodyVR's recently released iOS and Android mobile applications.

As the exclusive streaming partner for the Wireless Festival 2019, users will now be able to instantly join the sold-out Festival live this weekend, in either full immersive VR or full 360 degree video via the MelodyVR app in 14 different territories.
